

# Think Green...

The host of this meeting has specifically designated this a "green event."

**C**ommunications for this event were distributed digitally, eliminating the needless waste of paper

**O**ne of our goals is to reduce paper consumption; all printed materials will have expanded margins and will be two-sided

**N**ote paper is available at the back of the room, NOT at each place setting

**S**erved items will be presented in bulk, limiting the amount of packaging needed

**E**nergy consumption is monitored; lights and space conditioning will be used as sparingly as possible

**R**ecycle; please use the containers located in the back of the room

**V**arious beverage options are available, notice that filtered water is served, NOT bottled water

**E**njoy your meal. Locally grown products were used whenever possible.

Thank you for your cooperation & participation!
